

EqualsIW Committee Meeting August 2021

Further Details

You are more than welcome to bring your dogs for those for those who have dogs as they are allowed in the park. The evening I am sure will be a beautiful sunny evening to which if members wish we can take a short walk together.

The Committee will need to talk about the Finances, Friendship Groups, Marketing of the Friendship Groups and a new Partnership Programme with Funding Allocated to Equals that is a must for Equals members to get involved in. Plus anything committee members would like to raise, share or encourage the development of. I provide an agenda on the evening.

Here is how you get to Rylstone Gardens Shanklin. I am coming from Newport so if anyone needs a lift from Newport let me know.

Travel through the old village and turn left in to Priory Road or turning right if coming from Ventnor. See photos right.

Then either park up the hill in front of you Priory Road or take the first left into Popham Road and again park along here or keep going straight ahead to reach parking near the park straight ahead of you.

If you cannot park down towards the park you can also take a right at the park end into Luccombe Road and again park here. All parking is free and not time limited.
