

**Discovering Landscapes Heritage 'Coast to Coast'**  
**Tennyson Heritage Coast - Compton Bay**  
**Saturday 29th March 2025 - 4pm to 6pm**  
**Meeting Point: Compton Beech Car Park, Military Road, PO30 4HB**  
**What3Words = loitering.estimated.error**  
**Free Parking**

Join Kathy, our Nature Connector to explore and discover all about life on the water's edge, your visit will focus on the dinosaur and fossil and heritage of Compton Beach. You will explore the natural resources of the beach, with a range of activities which may include: Looking at rock pool creatures, finding dinosaur footprints, creating art in the sand using natural materials found on your visit. Exploring geology and different pigments and using sensory activities to connect with nature.

Exploring Compton Bay during a spring low tide will be very interactive, creative and hands-on, enabling you to experience a really fun and exciting learning experience. Switch off, get up close and connect with nature and each other. A perfect way to enhance your emotional wellbeing and mental health whilst enjoying the fantastic coastline views!
